

Identifying Unmet Social/Emotional Needs

NEED

IF UNMET WHAT MIGHT
THE CHILD EXPECT?

HOW MIGHT THE NEED
BE EXPRESSED?

To have an effect.

To have reciprocal relationships.

To be protected/safe.

To be able to depend on adults for
my basic needs.

Identifying Unmet Social/Emotional Needs

NEED

IF UNMET WHAT MIGHT
THE CHILD EXPECT?

HOW MIGHT THE NEED
BE EXPRESSED?

To have the adult manage things I'm not yet able to, and help me to try things as I'm ready.

For continuity/Predictability.

For adults to provide the incentive for socialization. (A wish to please the adult.)

Need for the adult to regulate the amount of stimulation.
